Arguments for and against God

Using the table of arguments, colour code these to show whether you think they are a reason to believe in God or a reason not to believe in God.

(Remember there is no right or wrong answer here)

The world is so beautiful.	People are starving in the world.	If God created the world, who created him?
The Bible tells us all about God and Jesus.	The world is <u>very</u> polluted and nobody seems to care.	Bullying and people being mean.
Natural disasters destroy people's homes.	Miracles can happen, some people recover from very bad illnesses and accidents.	Nobody knows what happens when we die as nobody has come back to tell us.

One of these gives arguments that God exists and one gives arguments that God doesn't exist.

(Remember these are just people's opinions and you don't have to agree with them)

Your Task

You are going to create either a poster or leaflet outlining the arguments people might use for and against the existence of God.

Use what we looked at last lesson and this lesson to help you.
