

## Y8 Work – Science Projects

You should all have started working on your science projects by now. You can spend your lesson today continuing with them.

You might be carrying out your research or completing your practical. Make sure you have got everything ready for when you come back into school as you won't be able to continue your practical and it will be more difficult to research.

Don't forget to record everywhere you have used for research so you can include them in your references e.g.

\* You must reference where you have collected your research from e.g.

For a website:

Mrs Baddeley 2021, YouTube, Accessed 2/2/2021,  
[https://www.youtube.com/channel/UCmUmKNyRno6fo-w79z\\_96\\_A](https://www.youtube.com/channel/UCmUmKNyRno6fo-w79z_96_A)

For a book:

Baddeley, R 2021, *Science Is So Amazing*, Woodhouse Press, Biddulph.

\* You also need to add the name of the reference in brackets to where you share it in your work e.g.

Vinegar and bicarbonate of soda react and give off a gas when mixed together (Mrs Baddeley, 2021).
