Data Protection Act 1998: How we use your information

We at Woodhouse Academy process personal information relating to our pupils and may receive information about them from their previous school or college, local authority, the Department for Education (DfE) and the Learning Records Service. We hold this personal data to:

- support our pupils' learning
- monitor and report on their progress
- provide appropriate pastoral care; and
- assess the quality of our services

Information about our pupils that we hold will include their contact details, national curriculum assessment results, attendance information, any exclusion information, where they go after they leave us and personal characteristics such as their ethnic group, any special educational needs they may have as well as relevant medical information. For pupils enrolling for post 14 qualifications, the Learning Records Service will give us the unique learner number (ULN) and may also give us details about your learning or qualifications.

In addition once our pupils reach the age of 13, the law requires us to pass on certain information about them to providers of youth support services within Staffordshire who have responsibilities in relation to the education or training of 13-19 year olds. We provide them with these pupils' names and addresses, dates of birth, name(s)/address(es) of their parent(s)/guardian(s) and any other information relevant to their role.

A parent/guardian can ask that no information apart from their child's name, address and date of birth be passed to the Youth Support Services within Staffordshire by informing the school office at Woodhouse Academy. This right is transferred to the child once he/she reaches the age 16. For more information about services for young people, please go to our local authority website www.staffordshire.gov.uk.

We will not give information about you to anyone without your consent unless the law and our policies allow us to.

We are required, by law, to pass some information about you to the Department for Education (DfE). This information will, in turn, then be made available for the use by the LA.
