

Friday 5th July

We've had a fantastic sports week! Thank you to all the parents who came to support on Tuesday afternoon and to all the PE department for their super organisation. Mrs Bowers had to step in as the organiser and commentator right at the last minute and she was amazing. If she ever stops teaching, I think she can get a job as a sports commentator with the BBC!

What was so wonderful about the afternoon was the encouragement the children gave each other. They cheered children on, helped when team members needed support to make it to the end of race and celebrated sporting success and resilience. Exactly the behaviour we want to see at Woodhouse.

Mrs Bowers is writing a newspaper article about lots of our sporting successes, but we are very proud to announce now that our 7 and 8 athletics team has won the league!

Other announcements I need to make (some you may already know) are that Mrs Baddeley and Miss Parks are both expecting a baby in the Autumn, and Mr Merali and Miss Haden are leaving for other jobs; Mr Merali – to be head of hockey at Newcastle-under-Lyme school, and Miss Haden – to work as a business analyst. We will be very sorry to see them go and wish them all the best in their new roles.
