

Parent Forum Meeting: Changes to Attendance - how will this affect you and your children?

Wednesday 1st July 2.30 - 3.30pm

We would like to extend a huge thank you to Lesley Hogg (Educational Welfare Officer) for running the attendance session on Wednesday. Lesley really enjoyed meeting some of our parents and being able to answer their questions, about the new laws relating to attendance in schools. The parents who came along, all said that it was a useful session and that they appreciated being able to talk to Lesley. Mrs Butler was also present to answer queries about the school's policies on attendance.

Lesley has agreed to run a drop in session on another occasion. She would like to reassure parents that it is a very informal session and that parents should not worry about being judged. No child's individual attendance will be discussed at these sessions, unless parents request this.

We are extremely grateful to all the parents who attended the session. Working in partnership with parents is very important to us; we really value your thoughts and opinions on all aspects of school life.

Next year, we hope to be able to plan most of our Parent Forum meetings in advance, subject to outside agency availability. If there are any subjects that you would particularly like to have sessions on, please let us know, via the school office (phone or email) for the attention of Miss. K. Aldington.
