

# Personal, Social, Health, Economic and Citizenship Curriculum Overview 2015 – 2016

PSHE&C topics are taught by tutors in an extended form once a week, through cross-curricular links in all subjects, assemblies, dedicated off-timetable days and by individuals and groups invited into school to lead workshops and run performances.

The topic areas each term are common across all year groups but taught to different levels and focussing on different aspects. New topics may be added during the year according to issues that arise within or outside school and the needs of pupils.
